

Opti Home is a comprehensive digital marketing and branding project designed for (Happy Home brand), a prominent home appliances retail business in Kafr El-Sheikh. The project establishes a complete structural workflow for a six-member team, focusing on data-driven Meta ad campaigns and engaging multimedia content creation. By developing a premium visual identity, we aim to build strong local brand awareness and optimize the digital customer journey. Our core strategy drives sales for high-margin winter appliances and bridal packages by highlighting competitive pricing and clear value propositions. Ultimately, Opti Home leverages targeted social media tactics to maximize direct sales, lead generation, and overall ROI for the Happy Home brand.
